This is your opportunity to be amongst the first people in the UAE to participate in this extraordinary motorsports experience.

THE GULF'S ONLY TRUE FORMULA 1™ 2-SEATER EXPERIENCE. BE THE FIRST.

Yas Marina Circuit, winner of the Best Grand Prix for 2009, is opening its doors and inviting you to experience one of the most thrilling motorsports experiences available today.

THE CARS

These cars were commissioned as single seater cars for F1 races and later converted to be 2-seater race cars, allowing motorsports enthusiasts to experience the exhilaration of these fine machines.

THE FEELING

The acceleration, the G-force as you whip around corners, the scream of the engine, the blur of the circuit – now you can experience the raw excitement of F1 first hand.

The tension builds as you slide into the cockpit behind our World Championship Driver, ready to take on Yas Marina Circuit. The combination of a 2-seater car built to F1 manufacturing and safety standards, fitted with current F1-type suspension, brakes and tyres, plus a 700bhp+ V10 engine, will provide you with the closest experience possible to being in a Formula One™ car.

Be catapulted to speeds reaching up to 300 kilometres an hour, experience G-force of up to 5G's and feel the heart pounding excitement of a vehicle that is designed to run at up to 16,000 rpm. This is not for the faint hearted.
