11th July 2010

Dear Elaine

I just wanted to thank you personally for having such kind caring staff and to sing Lucy's praises for being so onside and keeping the history going with my small children's charity.

We travel such a long way for these life-limited children to meet drivers and the teams on F1 days, so it's a really life line to have your facilities as comfort stop and be fed, and I am really pleased the protocols remain the same over the last 9 years at Silverstone.

I would just like to reiterate my thanks to all at Aspire Hospitality and especially to Lucy in the catering department and all the staff for looking after us so well when we visit Silverstone.

With kind thoughts and all Gods blessings

Suzette Abbott
